"I will be as liberal as Mr. Goebel. I do not want the vote of any isan who is in favor of the Election Law."—W S. Taylor at Lordon.

GOEBEL poses as the especial friend of the farmer; and yet he produces a "frost" wherever he goes.

THE Louisville Commercial, which rarely proves 5 false prophet, claims that Genéral TAYLOR will have from 10,000 to 15,000 majority over GOEBEL in the city of Louisville.

THE politician who gets mad at a political opponent during a political canvass is a very impolitic politician and ought to go out of the politician profession. He belongs in the baby class—or the dampheol brigade.

The State Department at Washington has received no protest from American residents of Gustemals, complishing against Minister Henrie. There has been a good deal of stuff in the papers for the effect that charges have been preferred against Minister Henries, and that is all the Department knows about the matter. The chances are that the whole thing is a piece of political jobbery, gotten up by enemies of Dr. Hunter.

STILL UNIDENTIFIED

Woman, Fortions of Whose Body Was Found in New York, ChotselfNew York, Oct. 10.—The mystery surrounding the identity of the mutilated woman, portions of whose body were found in West Seventeenth street and in the North river Saturday is still unsolved. Several men and women have positively identified the dismembered portions of the body which are still at the morgue but so far the identifications have been instanced in the matter.

Dr. Albert T. Weston, the coroner's physician, is firmly convinced that the case is a repetition of the famous Whitechapel murders of London. The body of the victim was mutilated in identification of the same manner as were the unfortunates in the London orines, certain organs being missing with other minor features, leads Dr. Weston to arrive at this opinion.
